

LINKS

MODULE 1

[Describe cloud computing - Training | Microsoft Learn](#)

[What is cloud computing - Training | Microsoft Learn](#)

[Describe the shared responsibility model - Training | Microsoft Learn](#)

[Define cloud models - Training | Microsoft Learn](#)

[Describe the consumption-based model - Training | Microsoft Learn](#)

[Describe the benefits of using cloud services - Training | Microsoft Learn](#)

[Describe the benefits of high availability and scalability in the cloud - Training | Microsoft Learn](#)

[Describe the benefits of reliability and predictability in the cloud - Training | Microsoft Learn](#)

[Describe the benefits of security and governance in the cloud - Training | Microsoft Learn](#)

[Describe the benefits of manageability in the cloud - Training | Microsoft Learn](#)

[Describe cloud service types - Training | Microsoft Learn](#)

MODULE 2

[What is Microsoft 365? - Training | Microsoft Learn](#)

[Describe the differences between Office 365 and Microsoft 365 - Training | Microsoft Learn](#)

[Describe Windows 365 - Training | Microsoft Learn](#)

[Explain how Microsoft 365 drives productivity in the cloud - Training | Microsoft Learn](#)

OPTIONAL DEMO- [Explore Microsoft 365 tenant - Training | Microsoft Learn](#)

[Describe the productivity capabilities and benefits of Microsoft 365 - Training | Microsoft Learn](#)

[Describe Microsoft 365 Apps - Training | Microsoft Learn](#)

[Describe work management tools in Microsoft 365 - Training | Microsoft Learn](#)

[Describe additional Microsoft 365 productivity apps - Training | Microsoft Learn](#)

[Describe collaboration solutions of Microsoft 365 - Training | Microsoft Learn](#)

[Describe the collaboration capabilities and benefits of Microsoft 365 - Training | Microsoft Learn](#)

[Describe the collaboration workloads of Teams and the value that they provide - Training | Microsoft Learn](#)

[Describe the Microsoft Viva apps - Training | Microsoft Learn](#)

[Describe how Yammer helps communities connect and grow - Training | Microsoft Learn](#)

[Describe endpoint modernization, management concepts, and deployment options in Microsoft 365 - Training | Microsoft Learn](#)

[Describe the endpoint management capabilities of Microsoft 365 - Training | Microsoft Learn](#)

[Compare the differences of Windows 365 and Azure Virtual Desktop - Training | Microsoft Learn](#)

[Describe the deployment and release models for Windows-as-a-Service \(WaaS\) - Training | Microsoft Learn](#)

[Identify deployment methods and update channels for Microsoft 365 apps - Training | Microsoft Learn](#)

[Describe analytics capabilities of Microsoft 365 - Training | Microsoft Learn](#)

[Describe the capabilities of Viva Insights - Training | Microsoft Learn](#)

[Describe the capabilities of the Microsoft 365 admin center and Microsoft 365 user portal - Training | Microsoft Learn](#)

[Describe the reports available in the Microsoft 365 admin center and other admin centers - Training | Microsoft Learn](#)

MODULE 3

[Describe the services and identity types of Azure AD - Training | Microsoft Learn](#)

[Describe Azure Active Directory - Training | Microsoft Learn](#)

[Describe Azure AD identity types - Training | Microsoft Learn](#)

[Describe the types of external identities - Training | Microsoft Learn](#)

[Describe the concept of hybrid identity - Training | Microsoft Learn](#)

[Describe Conditional Access in Azure AD - Training | Microsoft Learn](#)

[Describe the benefits of Azure AD roles and role-based access control - Training | Microsoft Learn](#)

[Describe Microsoft 365 Defender services - Training | Microsoft Learn](#)

[Describe Microsoft Defender for Office 365 - Training | Microsoft Learn](#)

[Describe Microsoft Defender for Endpoint - Training | Microsoft Learn](#)

[Describe Microsoft Defender for Cloud Apps - Training | Microsoft Learn](#)

[Describe Microsoft Defender for Identity - Training | Microsoft Learn](#)

[Describe the Microsoft 365 Defender portal - Training | Microsoft Learn](#)

[Describe the Microsoft 365 Defender portal - Training | Microsoft Learn](#)

[Define the concepts of SIEM and SOAR - Training | Microsoft Learn](#)

[Describe how Microsoft Sentinel provides integrated threat management - Training | Microsoft Learn](#)

[Describe how Microsoft Sentinel provides integrated threat management - Training | Microsoft Learn](#)

[Describe the compliance management capabilities in Microsoft Purview - Training | Microsoft Learn](#)

[Describe the Microsoft Purview compliance portal - Training | Microsoft Learn](#)

[Describe Compliance Manager - Training | Microsoft Learn](#)

[Describe use and benefits of compliance score - Training | Microsoft Learn](#)

[Introduction - Training | Microsoft Learn](#)

[Describe the Service Trust Portal - Training | Microsoft Learn](#)

[Describe Microsoft's privacy principles - Training | Microsoft Learn](#)

[Describe Microsoft Priva - Training | Microsoft Learn](#)

MODULE 4

[Describe Microsoft 365 pricing, licensing, and billing options - Training | Microsoft Learn](#)

[Explore pricing models for Microsoft cloud services - Training | Microsoft Learn](#)

[Explore the billing and bill management options - Training | Microsoft Learn](#)

[Explore the available licensing and management options - Training | Microsoft Learn](#)

[Explore the available licensing and management options - Training | Microsoft Learn](#)

[Describe support offerings for Microsoft 365 services - Training | Microsoft Learn](#)

[Explore support options for Microsoft 365 services - Training | Microsoft Learn](#)

[Explore support options for Microsoft 365 services - Training | Microsoft Learn](#)

[Explain service level agreement \(SLAs\) concepts - Training | Microsoft Learn](#)

[Identify how to track the service health status - Training | Microsoft Learn](#)
